UPSCALE EVENT

Expect a well-polished event, including real glassware, gallery lighting and immaculate facilities. We deliver a premium experience that's also easygoing, upbeat and fun.

CREATIVE FREEDOM

By celebrating personal creativity, we bring out the best in every team member. We focus on giving participants a way to enjoy themselves, rather than getting a perfect painting.

TURNKEY EXPERIENCE

Tell us what you need and we'll make it happen. Options are available for most group sizes. Catering, bartending and customized playlist services are often included.

SUPERIOR SERVICE

From scheduling to logistics, we're here for you. We take care of all the details – like table coverings for mobile events, and highly trained artists to make the painting process enjoyable for everyone.

WORK BENEFITS

Paint and sip events have a hidden benefit for employers: Painting encourages the brain to work in new ways, stimulating employees' creative thinking and problemsolving abilities.

Aprons to protect clothing

Each activity encourages distinct aspects of team building: team bonding, communication, ability to follow directions and creative thinking.

CUSTOM PAINTINGS: You can choose from hundreds of our paintings, or design your own! We'll work with you to create a custom painting that represents your brand values or company theme.

JIGSAW PAINTING

Your team works on individual canvases, but must work closely together to make sure their canvases line up to create a mural.

CLASSIC PAINT & SIP

This option is all about socializing. Our professionally trained artist will guide everyone step-by-step to create the selected painting.

MYSTERY

Follow directions without knowing what the finished painting will be.

COLLABORATIVE

Guests contribute to a large shared canvas. Great for galas and auctions!

SELF-GUIDED

Guests paint a 10x10 canvas at their leisure, using printed directions.

MUSICAL CHAIRS

Follow the music! Move from canvas to canvas to create shared works of art.
