PAINT YOUR PET'S PORTRAIT

PiNOT'S
PALETTE®

A group of people, mostly women, are seated around a table in a room with red walls, painting pet portraits. They are wearing blue aprons and using paintbrushes and palettes. One woman in the foreground is painting a cat on a blue background. Another woman is painting a dog on a red background. The text "PAINT YOUR PET" is overlaid in large white letters.

PAINT YOUR PET

A must for every pet lover! Paint a tribute to your furry, feathery or scaly friends. Anyone can do Project Pet – no art experience needed! A professional artist walks you through color mixing and painting techniques to get your pet's fur and features just right. Floor artists are on hand to advise on whiskers, wet noses and all the little details.

Everything you need to create a realistic portrait is included: A canvas with a pre-printed outline of your pet's photo and a custom paint palette to match your pet.

Project Pet is as much about fun as it is about the final product! Enjoy drinks with your friends while our artists guide you through your painting. It's a no-pressure event with results as cute as the real thing.
